

RODON

Savvoglou Tsivolas
— winery —

- **Producer:** I. Savvoglou – P. Tsivolas
- **Origin:** Phragma, Sardes and Plaka areas
- **Category:** ORGANIC VARIETAL WINE
Muscat of Alexandria and Limnio,.

- **Name:** Rodon
- **Type:** Rosé semi-dry

VARIETY: Muscat of Alexandria and Limnio. Harvested first ten days of September.

SOIL: Volcanic, medium texture (poor in calcium).

VINEYARD: Vineyards from Phragma, Sardes and Plaka areas of Limnos, with a yield of about 800 kg per hectare for Muscat of Alexandria and 600 kg per hectare for Limnio.

MICROCLIMATE: Low rainfall, strong winds, relatively low temperatures in winter and hot and dry summers.

WINEMAKING: The two varieties are combined, after static desalination, at a controlled temperature of 16 - 17 °C.

ORGANIC CHARACTERISTICS: Intense rose color, aromas of rose and strawberry, pleasant and cool taste, with a good aftertaste.

GASTRONOMY: Served at 10-12°C and accompanied by fruits, cheese, sweets and nuts

ANALYTICAL DATA:

- Alcoholic Strength 12.3 - 12.6 % VOL
- Reducing Sugars 12.0 - 13.0 g/l
- Total Acidity 5.5 - 5.8 g/l
